I am honored to write a letter of reference for MBC Systems, which has been our Medical Billing Company for over 20 years. We are a large high volume Physical Therapy group with several therapists and multiple locations. MBC has been able to handle our large account and our fast growth with no bumps or problems over the course of our relationship.

They have systems in place to ensure easy transfer of information, and they get the bills out the door correctly and quickly. Our cashflow is stable, our patients are happy, and we are thankful to have found such a great company to assist us with our billing and collection needs.

All of the staff is kind hearted honest professionals, and their honesty and caring personalities goes along way. You won't be disappointed with MBC Systems.

A handwritten signature in black ink, appearing to read 'Michael Weinstein', is written over the text of the letter.
